

CANBERRA QUILTERS MEMBERS' EXHIBITION

- 1) All items (quilts/wearable art) submitted for the Exhibition should have a label attached. The information required on the label is the maker's name, maker's contact phone number and name of the exhibition item - this should be the same name as on the entry form. The date of completion of the item is also recommended.
- 2) All items (quilts/wearable art) submitted for judging (i.e. all categories except for CATEGORY 0: FOR DISPLAY ONLY), must have a temporary cover over the label on the back of the item. This is to maintain anonymity during judging.

This is easily done by tacking or pinning a piece of cloth over the label on two adjoining sides. Please do not stitch down all four sides as on Delivery Day the name of the maker or title of the item may need to be checked.

The label should be attached to the left hand bottom corner looking at the back of the quilt. Labels for wearable art should also be covered and tucked inside the garment.
